- Meeting Agenda
  - 2006

# IIG Terms of Reference

- IIG TOR – Available CFD Website
  - The task of the NIAG Interface Group is to liaise with the CNAD AC/327 Life Cycle Management Group in accordance with their Terms of Reference, with the aim of providing industrial advice and viewpoints, as required, in the areas of:
    - Industrial methodologies in support of standards, e.g. ISO/IEC 15288, 'Systems Engineering – System Life Cycle Processes.
    - Industrial implications of NATO system life cycle policy and processes, methods, procedures and agreements developed by LCMG (for example contractual, financial, and management implications).
    - The group may also propose to AC/327 areas of work related to Life Cycle Management that would contribute to the furtherance of timely armaments procurement in support of NATO capabilities.

## IIG Activities

- Support to AC/327
  - Accelerated Fielding of Capability.
  - Standards
  - Scope to be defined by NATO
- All industries are invited to contact their national NIAG representative and contribute to the IIG activities.
